

Hunter College Office of Research Administration Information Alert

MARCH 2021
ALERT #47

NIH Support for Research Excellence (SuRE) Award Program

We are providing eligibility information about the new NIH Support for Research Excellence (SuRE) Award program which is the evolution of the NIH Support of Competitive Research (SCORE) Program.

This new program has a limit on the total amount of NIH research support that an institution has received in total costs (direct and indirect) at the time of the application. NIH stipulates that an institution cannot have received more than \$6 million dollars per year (total costs) from NIH Research Project Grants (RPGs) in each of the preceding two fiscal years.

ALERT

WHY THIS ALERT?

This publication has been created to serve the purpose of informing researchers of new information, trends and concerns as they occur.

Unfortunately, Hunter College does not qualify at this time. We will monitor our eligibility annually.

More information about the NIH SuRE Program can be found on the NIH website at:
