

# HUNTER COLLEGE

Annual Report of Grants and Contracts

July 1, 1991 through June 30, 1992

### OPENING REMARKS

In recent years, all of us at Hunter College and throughout the City University of New York have had to cope with a myriad of problems. Consecutive years of multi-million dollar budget cuts, the stress of tuition increases on the student population, and the early retirement of many of our colleagues have been among the challenges with which we have been faced.

One of the bright spots in these troubled days is the ambition and imagination demonstrated by many of our faculty and staff in diligently pursuing grants and contracts. For the ninth successive year, awards to Hunter College have risen. The \$19.5 million level achieved in the recently concluded fiscal year is 8.2% more than in the previous year.

Some highlights of the past year:

Federal awards increased to \$9.8 million in fiscal year 1992 - a 9.6% increase from 1991 and 26% from 1990.

Awards from foundations jumped by almost \$1 million.

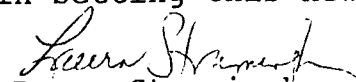

Support of research projects rose to \$8.6 million -- an increase of 10%.

The faculty of the Divisions of Sciences and Mathematics and Programs in Education, and the Schools of Health Sciences (including the new Center for AIDS, Drugs, and Community Health and the Center for Occupational Health and Safety), Nursing and Social Work exceeded previous highest dollar levels for a year.

The staff of the Center for Puerto Rican Studies and the Center for the Study of Family Policy also achieved new marks for their areas.

Government agencies, foundations, corporations and other nonprofit organizations continue to reward the efforts of faculty and staff. This is a tribute to the expertise and dedication of those who write the proposals and conduct the projects. Externally supported projects are vital to the quality of academic life at Hunter.

I congratulate all who had a part in setting this new record for Hunter.

  
Laura Struminger  
Provost

### A Note from the Director

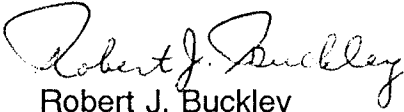

The success of Hunter faculty and staff in obtaining grants and contracts continued during fiscal year 1992.

Our awards from State and City agencies dropped as these agencies experienced some of the same drops in tax-levy support as did the City University. Nonprofit organizations with which we have had long relationships also felt the pressure of the recession, and this translated into less money being available for collaborative programs. Offsetting these small losses of funding was a surge in federal, foundation and corporate grants.

The opening section of this report gives the statistical history of Hunter's awards over the last decade, a period in which grant and contract awards have tripled. Awardees are recognized in the list of all the funded projects. Later sections of the report list a host of other awards, amounting to more than a half-million dollars, administered by both the Research Foundation and Hunter College, as well as fellowships awarded directly to faculty members.

You will find that these faculty and staff exhibit a keen sense of commitment to their own development, to their chosen disciplines, and to their students. The awardees have the perserverance to surmount many obstacles -- beginning with the lack of tax-levy funding and including a multitude of regulations and requirements.

The Office of Research Administration is pleased to submit this report as a record of successful grant writing by Hunter College personnel.

  
Robert J. Buckley  
Director

August, 1992

## TABLE OF CONTENTS

Part I	Funding for Sponsored Projects	
	Section I-A.	Overview of External Funding (green pages)
	Section I-B.	Individual Project Listing (ivory pages)
	Section I-C.	Proposal Submissions (salmon pages)
Part II	Internal Funding of Projects	
	Section II-A.	PSC-CUNY Research Award Program (blue pages)
	Section II-B	Other Internal Support (cherry pages)
Part III	Overall Summary of Project Support	(canary pages)

Part I: FUNDING FOR SPONSORED PROJECTS -- Summary of  
Grants and Contracts from External Sources

This part is divided into three sections:

Section I-A      Overview of External Funding

Section 1-B      Individual Project Listing

Section I-C      Proposal Submissions

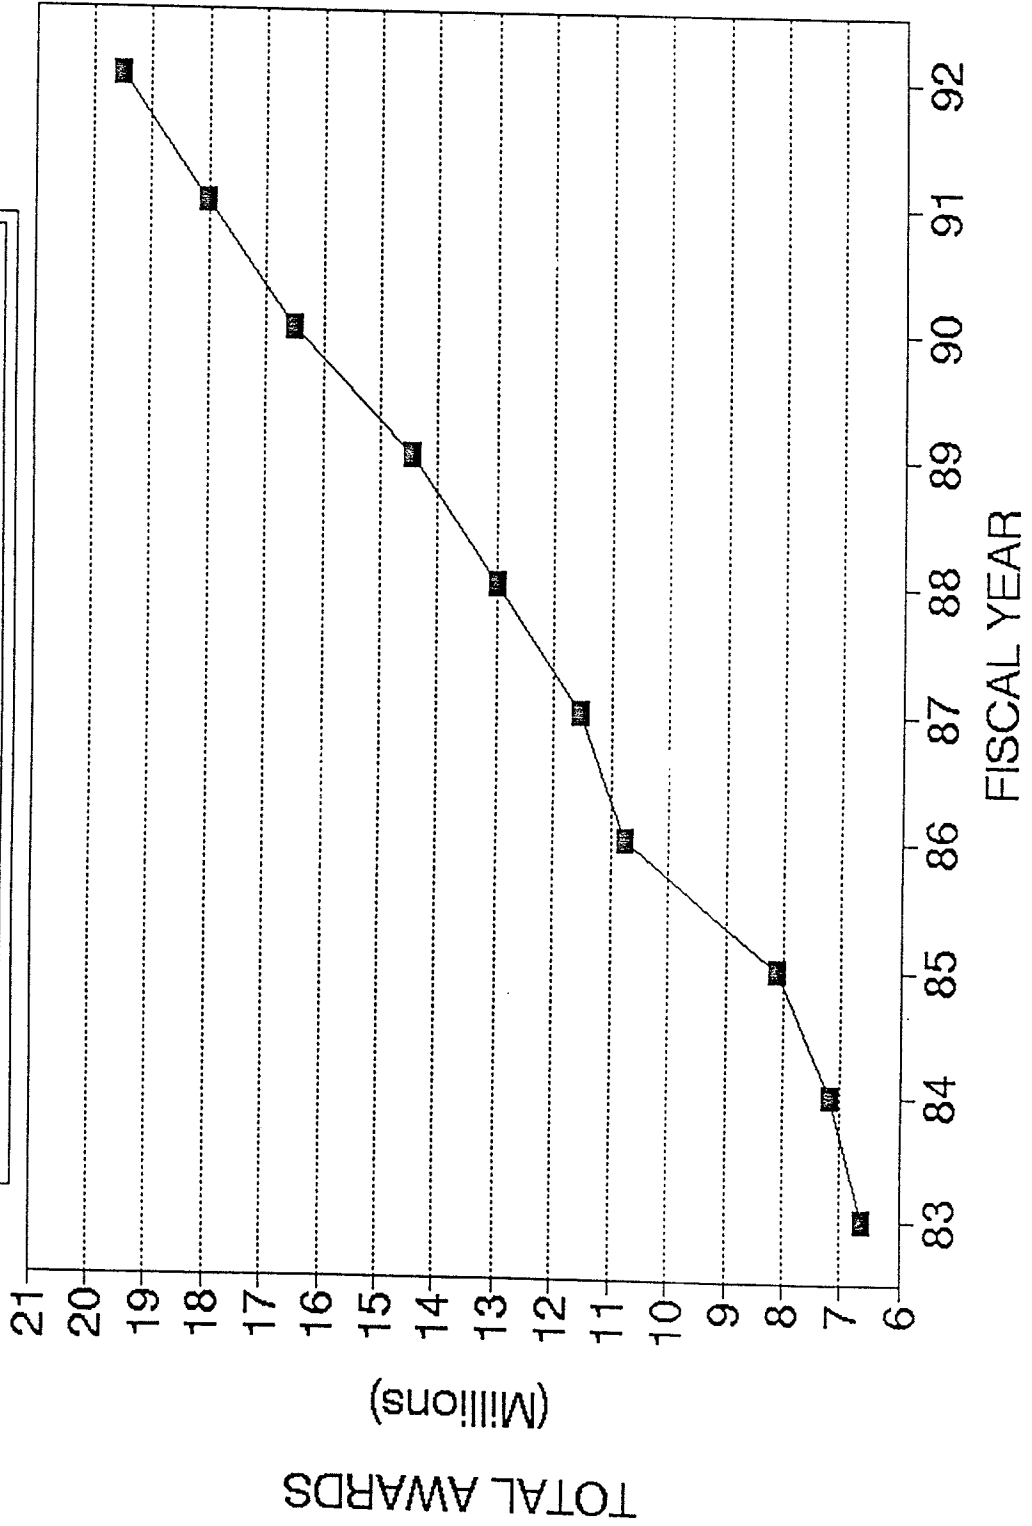

Section I-A OVERVIEW OF EXTERNAL FUNDING

This section contains statistical information on grants and contracts from external sources, i.e., agencies of Federal, State, and City governments, foundation, corporations, and non-profit organizations. For the sake of making comparisons, figures are given for the ten-year period beginning July 1, 1982.

For statistical purposes, although the Minority Biomedical Research Support and Biomedical Research Support grants are awarded for "sub-projects" to faculty members from four departments in two academic regions (Divisions of Sciences and Mathematics and Social Sciences), the grants are included only once in each division's project count.

## Section I-B:

## INDIVIDUAL PROJECT LISTING

This section's 58 pages list the individual projects that comprised the awards sponsored by external sources during fiscal year 1992 (July 1, 1991-June 30, 1992). Also included are grants made directly to individuals (e.g., fellowships), but these figures are not included in the previous section's overall statistics on institutionally administered awards. In several cases, Hunter faculty have co-principal investigators at other institutions. When fiscal responsibility for an award lies with a colleagues's institution, CUNY collaborations are counted in the dollar total shown, and non-CUNY administered awards are listed but not counted.

Awards are arranged alphabetically by academic and administrative regions. Within that framework, awards are organized first by department and then by faculty member. Entries include the name of the funding agency and, when applicable, the agency identification number and remarks. Among other data shown are the Research Foundation account number and the award period. "Type" indicates whether the award is new, a continuation (non-competitive but contingent on sufficient progress having been demonstrated to warrant continued funding), a renewal (after competitive review of an on going project), or a supplement (additional funding to complete or extend the scope of the original project). When applicable, the "status" gives the length of the project in years and whether the agency has indicated its intention to continue funding on a non-competitive basis beyond the current period.

The projects are listed as follows:

Academic Regions	Page
School of Health Sciences (including Center for AIDS, Drugs, and Community Health and Center for Occupational Safety and Health)	1
Division of Humanities and Arts	7
Department of Classical & Oriental Studies	7
Department of German	7
School of Nursing	8

Division of Programs in Education	10

Section I-C: PROPOSAL SUBMISSIONS

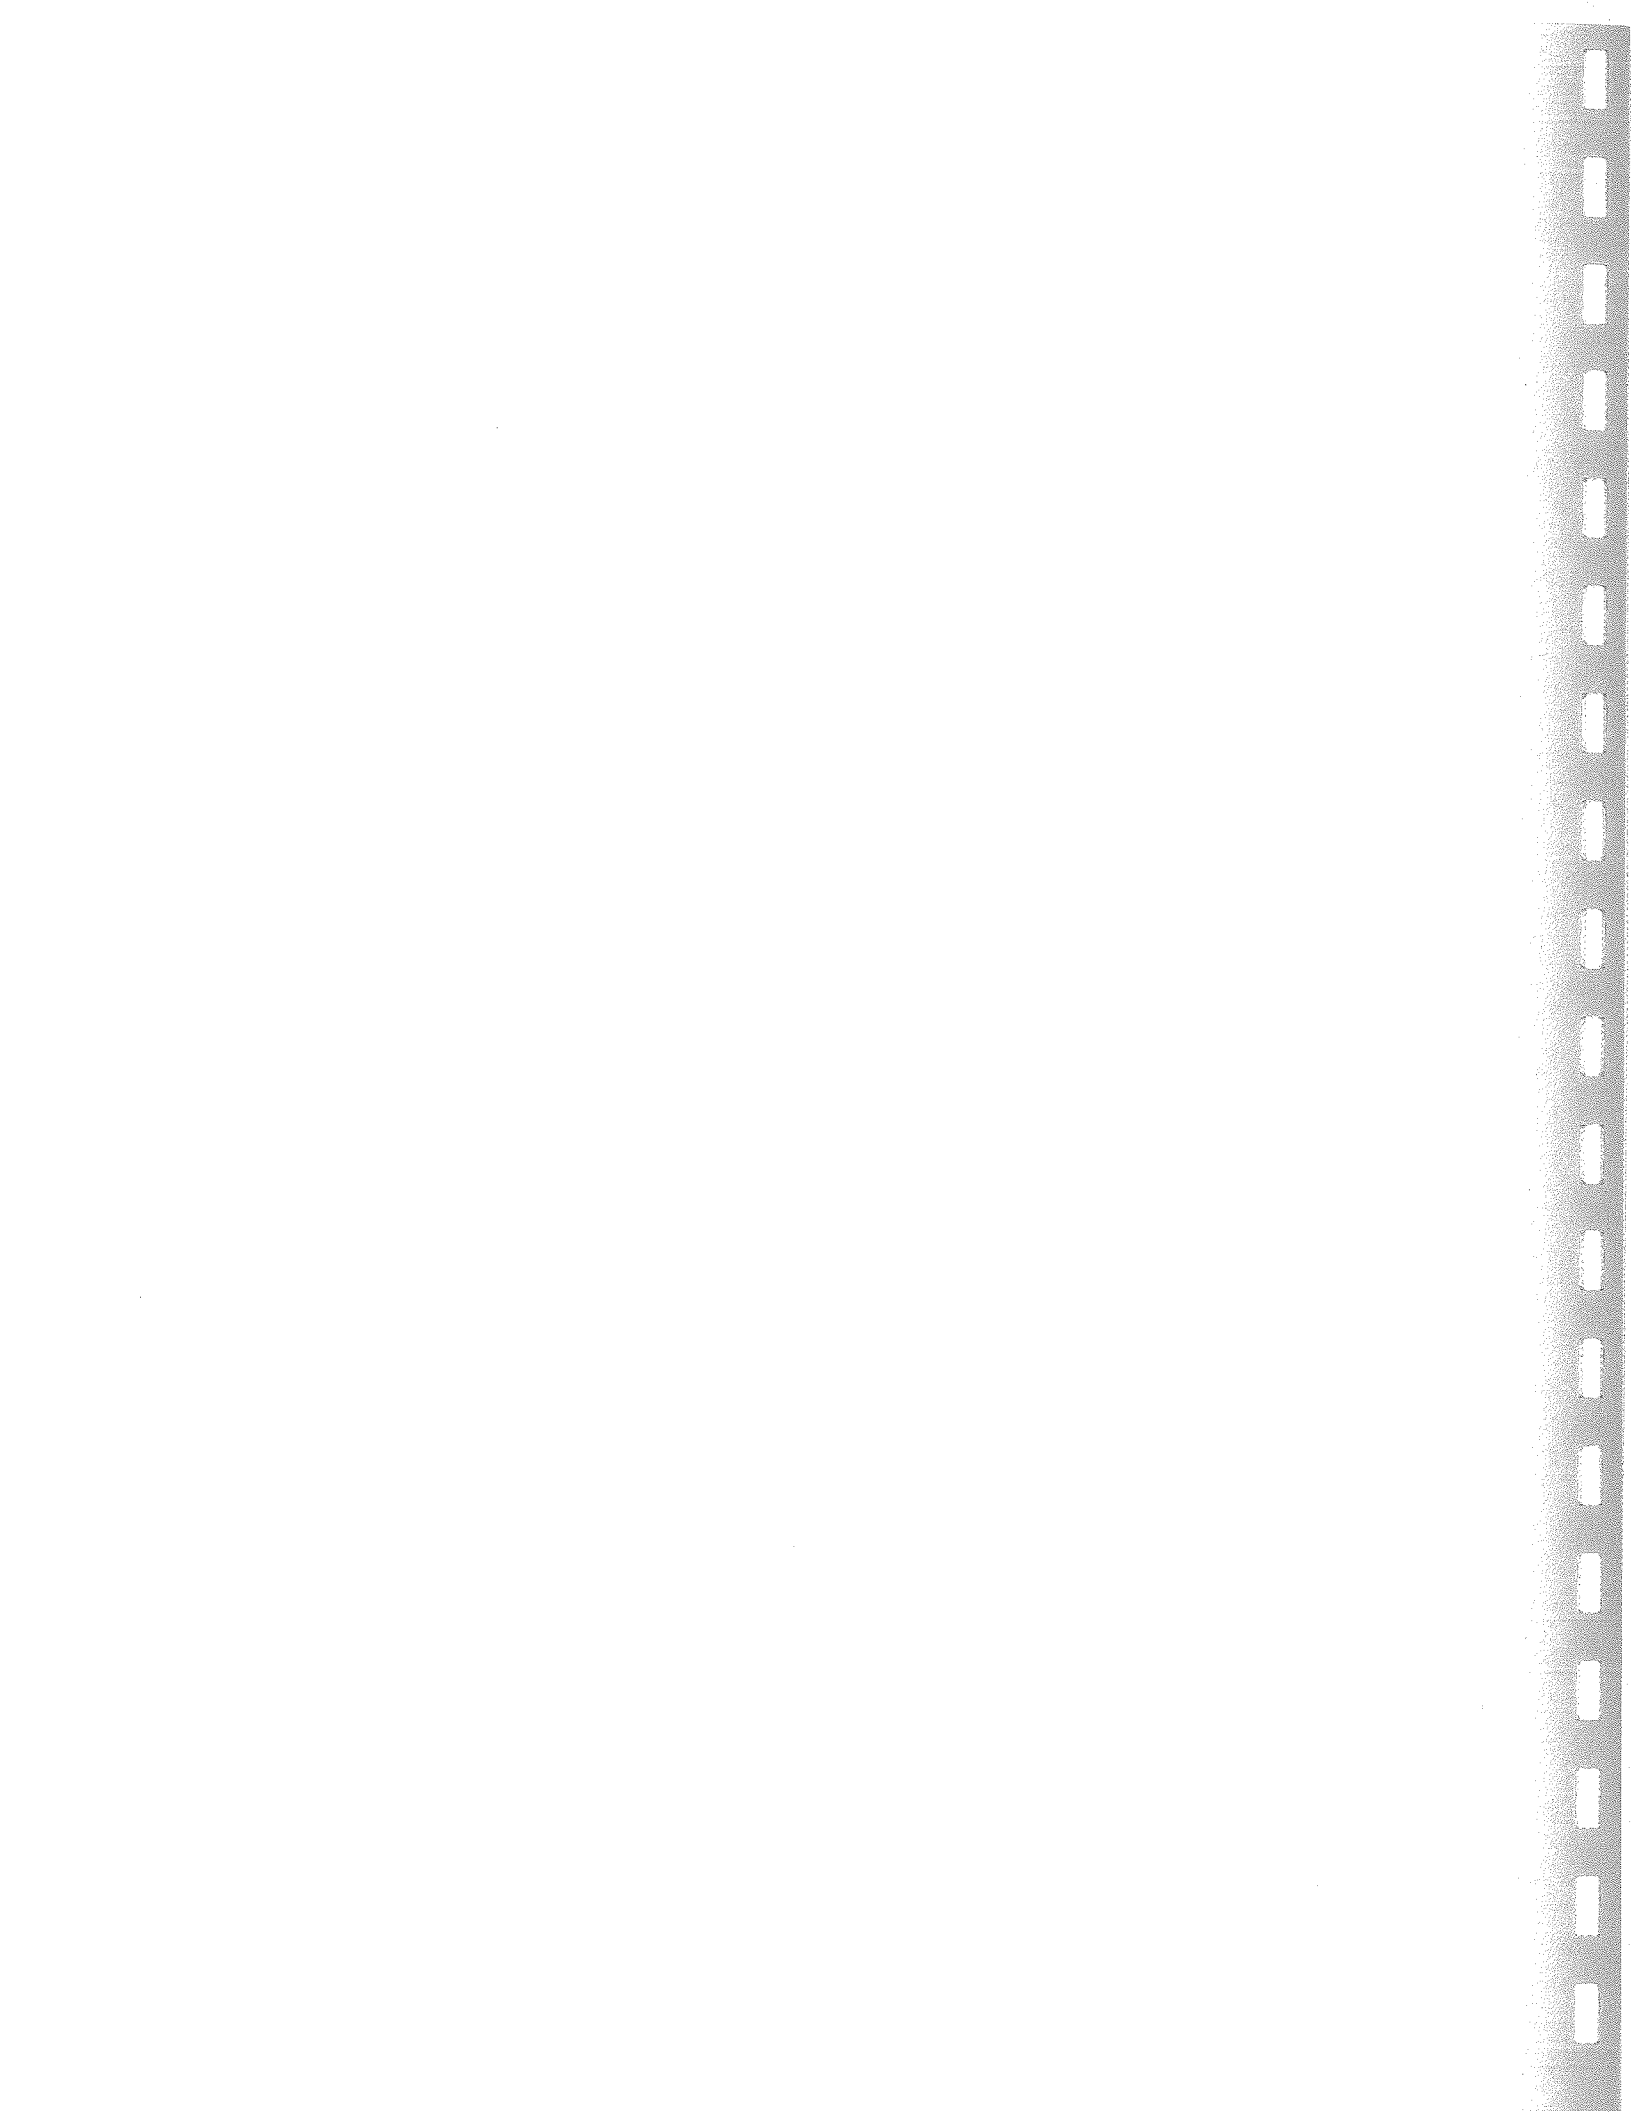

A total of 531 proposals was submitted in FY 1992.

The list of proposal submissions includes the following:

- a. proposals for new funding
- b. proposals submitted at the end of a funding cycle for review in competition for renewed funding
- c. progress reports which, although not competing with others for funding, must relate sufficient advancement towards the project's goals in order to gain the authorization for another year's support.

Identical or similar proposals submitted to more than one agency are counted separately. Preliminary and final proposals prepared for the same agency are counted once.

Some statistical information is shown on the next several pages. The listing of individual faculty and staff applicants concludes this section.

92	203	531	162	302	\$19,501,455

*Numerous applicants submit a proposal to more than one agency. Others submit more than one proposal for different projects.*

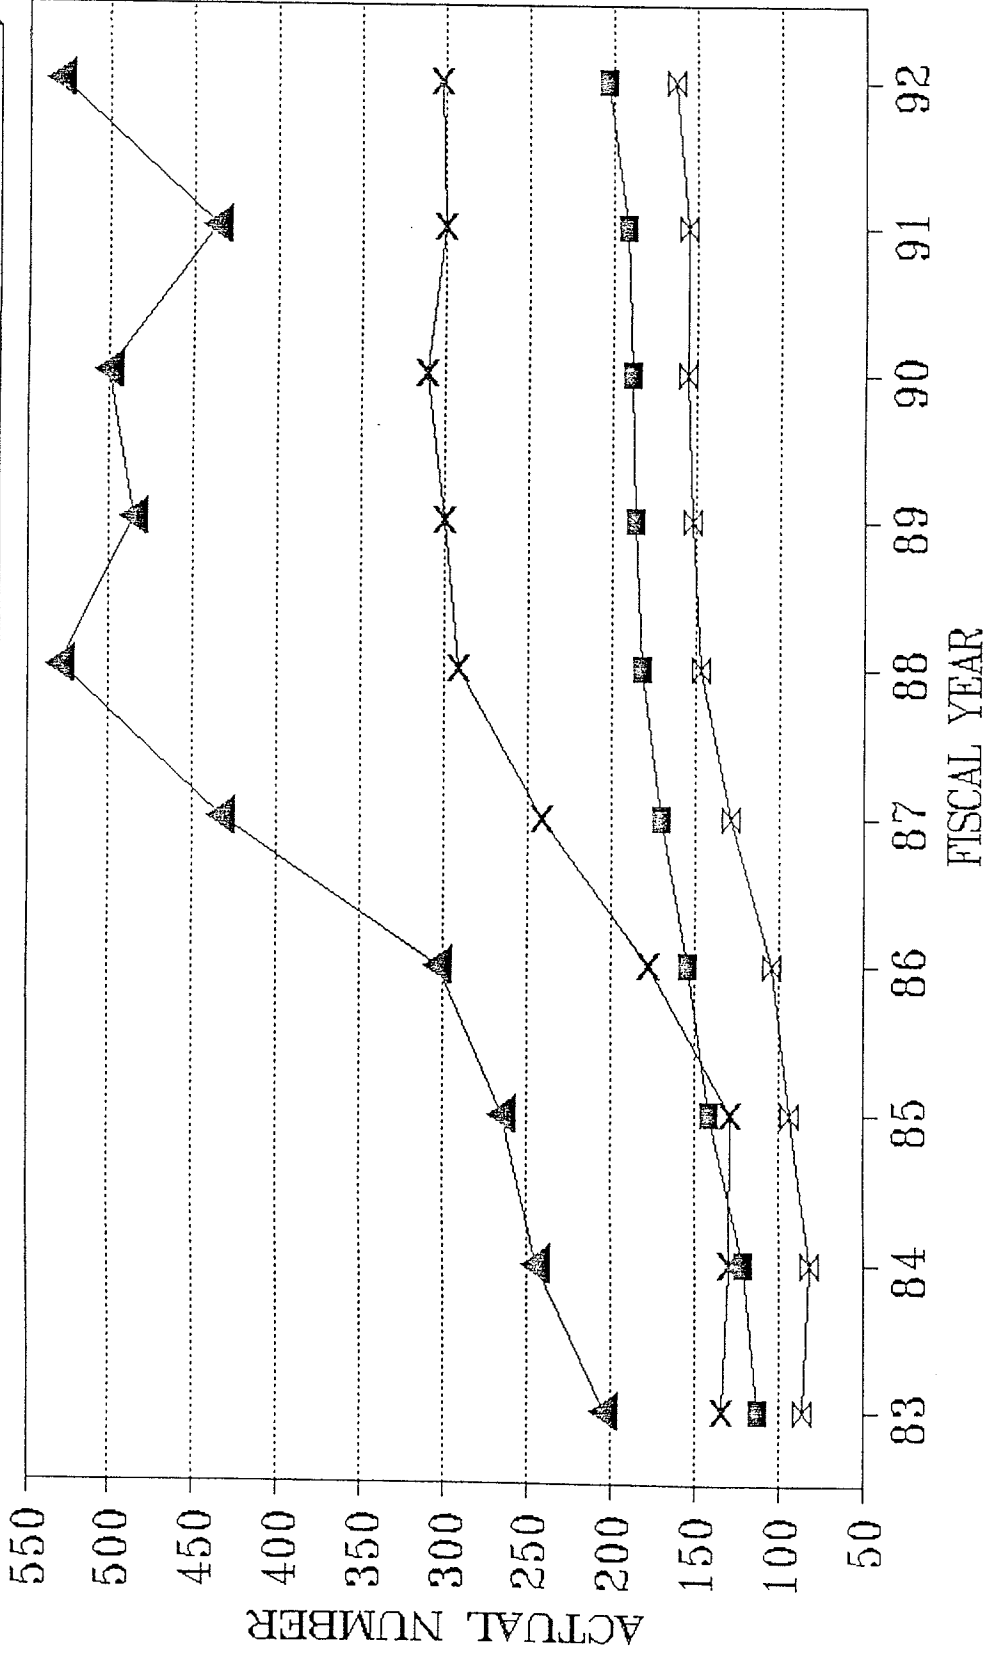

*The terms "Principal Investigator" and "Project Director" are used to signify successful applicants, i.e., persons who receive awards. Many faculty members direct more than one project.*

*Shaded numbers highlight the years in which records were set for each category.*

*As agencies frequently take 6-12 months to complete the review of a proposal, approximately half of the proposals submitted in one fiscal year do not have a final determination until the next year.*

Part II: INTERNAL FUNDING OF PROJECTS

A wide range of other projects received support from College and University funds.

This part is divided as follows:

Section II-A. PSC-CUNY Research Award Program

Section II-B. Other Internal Support

Section IIA: PSC-CUNY RESEARCH AWARD PROGRAM

The Board of Trustees of the City University of New York (CUNY) and the collective bargaining agent for the instructional staff, the Professional Staff Congress (PSC), demonstrate their recognition of the importance of encouraging research activities in the CUNY system by funding a competitive research award program. Applicants may request a maximum of \$12,000 for research support. The twenty-third annual competition was held during fiscal year 1992.

The difficult budget situation in New York State resulted in a second year of reduced funding in the size of new, renewal, and continuation grants.

The next page of this section gives a recent history of the participation of Hunter faculty in the program. The individual project listing for this year follows. Awards are arranged by academic region and may be found as follows:

*Section II-B*

*OTHER INTERNAL SUPPORT*

Hunter College and the City University of New York made grants to and recognized achievements of numerous Hunter faculty and staff. Among the programs providing funds were:

1. Hunter's Shuster Fund, established in honor of the late former Hunter College President, George N. Shuster.
2. Hunter's Pluralism and Cultural Diversity Fund.
3. Distinguished Professorships.
4. Eugene Lang Awards for Junior Faculty Development and Student-Faculty Research Fellowships.

In addition, this year we list the funds awarded by the Scholarship & Welfare Fund of the Alumni Association of Hunter College in support of the Mellon Minority Undergraduate Fellowship Program. The Scholarship & Welfare Fund has been most generous to the Mellon program since its inception.

Awards are listed by academic region on the following pages.

Part III: OVERALL SUMMARY OF PROJECT SUPPORT

Grand Totals of External and Internal Funding

## Overall Summary of Project Support

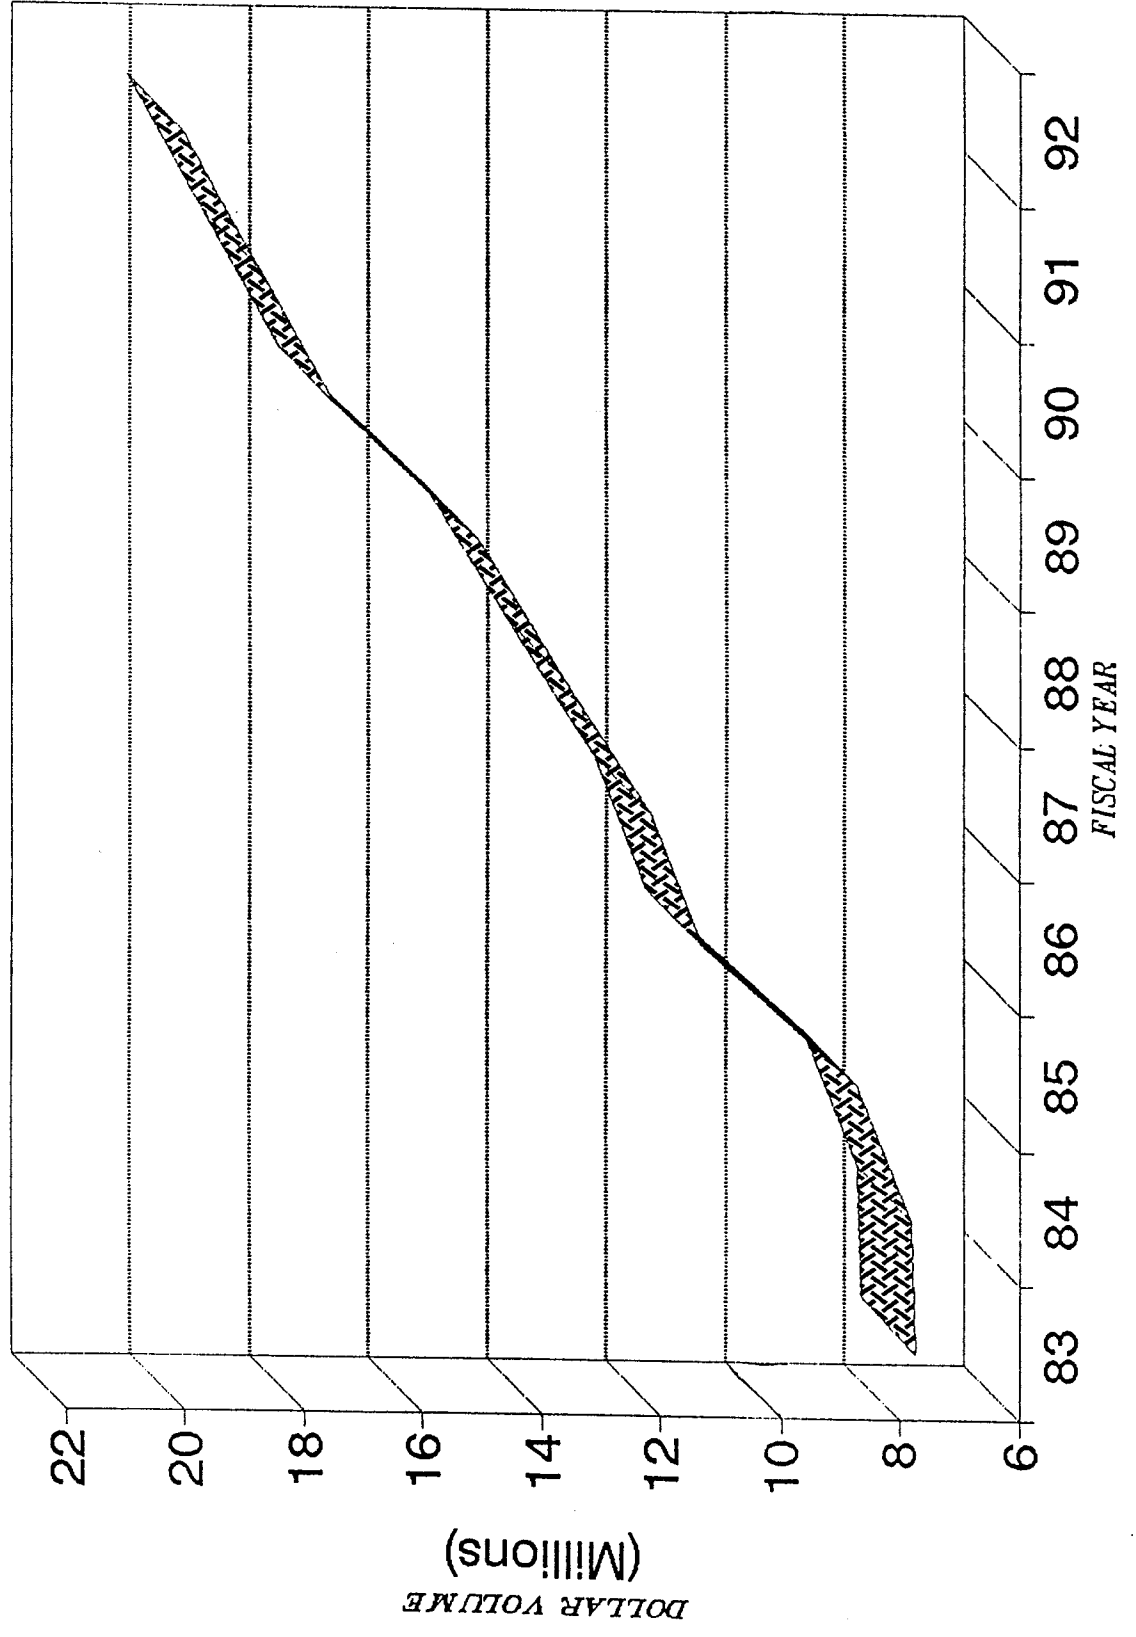

At the conclusion of this report, we present statistical tables incorporating all the award data available for the last 10 years. The information in this section includes the external awards detailed in Section I-A and I-B of this report, plus fellowships and other grants awarded directly to faculty, the PSC-CUNY Research Award Program (Section II-A) and other internal support (Section II-B). The intent here is to present as broad a picture as possible of the support obtained by faculty and staff.

This section shows a steady growth of project support over the past decade. In each year the dollar volume of the previous year was surpassed. As will be seen the numbers and amounts of the awards have risen by 159% during the last decade.

### Acknowledgements

Since the mid-1980's, the Office of Research Administration has issued an annual report in a format similar to the current one. The data is gathered and formulated primarily by the full-time staff with some data input by our part-time student assistants. The duplicating, collating and binding of the report is performed by our student assistants who also watch for the quality of the copies on an aging duplicator.

I wish to thank my staff for assembling the report while keeping normal operations at their usual level of efficiency. My thanks to

Priscilla W. Price	Assistant Director
Carolynn Julien	Assistant Director for Sponsored Contracts
Barbara Medina	Grant Assistant Administration C
Lynda Ortiz	Senior Graduate Student Assistant
Sydell Tyson	Student Assistant
Annmarie Rivera	Graduate Student Assistant
Luz Flores	Student Aide.

Thanks also to my wife Lillian for contributing her computer programming skills.

  
Robert J. Buckley  
Director
