

Conflict of Interest (COI) Training

CUNY has implemented a mandate that all faculty, postdoctoral researchers, graduate and undergraduate students involved in research-related activities complete the Collaborative Institutional Training Initiative's (CITI) Responsible Conduct of Research Training.

This requirement is effective August 24, 2012. A copy of this certification is required with all grant proposal submissions, whether it is an internal or external grant application. **Your proposal is incomplete without a copy of this certificate.**

Upon completion of the training, you will receive a certificate of completion. This certificate is valid for four years. You must take the CITI refresher course prior to the expiration in order to maintain your RCR training certification.
